

**AERMEC AIR CONDITIONING**  
Water-Cooled Chillers, Air-Cooled Chillers, Fan-Coil Units, CRAC units

**AIC HEAT EXCHANGERS**  
Shell and Tube, Brazed Plate, Plate and Frame, Specialty and Custom Heat Exchangers

**COLMAC WATER-HEAT**  
Energy Recovery Domestic Water Heating

**AQUANOMIX**  
Rainwater Reuse, Stormwater Control, Water System Continuous Commissioning

**RENEWAIRE**  
Energy Recovery Ventilation Equipment

**SHARC ENERGY SYSTEMS**  
Wastewater Energy Recovery

**CRISTOPIA**  
Thermal Energy Storage Systems

**PREMIER FLOW**  
Domestic Water Booster Packages, Pump Packages

**SYSTECON**  
Modular Central Plants and Pumping Systems

**DRY SOLUTIONS**  
Active Desiccant Dehumidification

**NIMBUS**  
Hybrid Adiabatic Dry Coolers

**GIACOMINI**  
Radiant Systems, FCU Energy Metering, Valve Kits

**VAF FILTRATION SYSTEMS**  
Domestic Water Filtration, Automatic Self-Cleaning Filters

**SONITEC - VORTISAND**  
Sub-Micron Water Filtration, Sand Filtration

**THERMAX**  
Absorption Chillers: Steam, Hot Water, Gas, Exhaust Gas, Mixed Fuels

**PETRA ENGINEERING**  
Water Cooled Packaged Units, 100% OA Units, Packaged Rooftop Units, Custom DX Units, Custom AHUs

**GENESIS AIR**  
Photocatalytic Oxidation, Airborne Infection Control, VOC Removal

**MESAN USA**  
Open Cooling Towers, Closed Circuit Coolers, Water Storage Tanks

**HYGROMATIK**  
Electrode and Heater Element Steam Humidifiers

**SIEMENS**  
Variable Frequency Drives, Cooling Tower Control Panels, UL Custom Panels

**POOLPAK INTERNATIONAL**  
Pool Room Dehumidification Units, Built-On-Site Replacement Units

**ABOLUTE**  
Cast Aluminum Condensing Boilers

**DE DIETRICH BOILERS**  
Eutectic Cast Iron Near Condensing Boilers

**ENERPRO**  
Stainless Steel Condensing Boilers

**AIRFIXTURE**  
Underfloor Air Distribution Systems, Electric and Hydronic Trench Heaters

## About Us

---

HIGHMARK helps engineers, contractors, building owners and building operators who are serious about building efficiency and sustainability by rigorously vetting the best technologies, embracing new innovations and challenging the status quo, with a focus on HVAC, energy services and water management. Since 2013, we've partnered with likeminded industry leaders from across the globe in order to bring to market high-quality and advanced products and technologies that will better the built environment for centuries to come.

## Our Technologies

---

### MECHANICAL TECHNOLOGIES

100% OA SYSTEMS

ADIABATIC FLUID COOLER

AIR TOWERS

BOILERS

CHILLERS

- ABSORPTION
- MODULAR (15 HP CIRCUIT)
- AIR COOLED
- WATER COOLED

HEAT PUMP

CONDENSER WATER FILTRATION

AIR COOLED CONDENSERS

COILS

COOLING TOWERS

CUSTOM AHUS AND DX UNITS

DESICCANT DEHUMIDIFICATION

DEDICATED OUTDOOR AIR SYSTEMS (DOAS)

DRY COOLERS

ENERGY RECOVERY VENTILATION

FAN COIL UNITS

FCU ENERGY METERING

HEAT EXCHANGER

- SHELL AND TUBE
- BRAZED PLATE
- PLATE AND FRAME

HUMIDIFIERS

ICE / ENERGY STORAGE

PACKAGED ROOFTOP UNITS

AIR PURIFICATION

POOL DEHUMIDIFICATION

PUMP PACKAGES

MODULAR CHILLER / BOILER PLANTS

RADIANT SYSTEMS

RAIN WATER HARVESTING SYSTEMS

TRENCH HEATERS

UNDERFLOOR AIR DISTRIBUTION

VALVE KITS

VARIABLE FREQUENCY DRIVES

WATER COOLED SELF-CONTAINED UNITS

### PLUMBING TECHNOLOGIES

BLACKWATER ENERGY RECOVERY

DOMESTIC HOT WATER HEAT PUMPS

DOUBLE WALL HEAT EXCHANGERS

POINT OF ENTRY DOMESTIC WATER  
FILTRATION

RAIN WATER HARVESTING SYSTEMS

DOMESTIC WATER BOOSTER PACKAGES
